

Incident & Crisis Response Communication Skills

INTRODUCTION

- This Incident & Crisis Response Communication Skills training seminar will provide the key steps every organization must take to avoid being irreparably damaged by a crisis. Packed with practical advice, useful materials and case studies, participants will learn how communication and operational response together are integral to an effective incident response and protecting reputation.
- Every sensible organization recognizes the risks they face and that disaster could potentially strike at any time. The learning contained within this Corporate Communication training seminar might make the difference between demonstrating strength and resilience to your stakeholders or humiliating public failure. This training seminar takes a step by step approach to all the learning necessary to pre-empt crises and respond to major incidents should one occur.
- The media can be very unforgiving organisations who they perceive to have made mistakes and effective communication when under the media spotlight will be vital to coming through unscathed. This Corporate Communication training seminar on Incident & Crisis Response Communication Skills provides the skills and confidence to understand the communication environment and what you must do in order to succeed when disaster strikes.

This seminar on Incident & Crisis Response Communication Skills will highlight:

- An awareness of the media and communication environment at the time of a crisis
- The available media platforms and practical guidance on how to use them
- How communication is integral to effective operational response
- How to create an incident communications plan alongside a range of useful planning tools
- Practical skills for media communication and supporting case studies

OBJECTIVES

- Develop practical skills enabling effective communication at the time of an incident
- Familiarize students with both techniques & technologies involved in crisis communication
- Provide a health-check for your personal & organizational readiness
- Provide the confidence to know that your response strategies are appropriate and effective
- Build relevant knowledge through exploring relevant case studies and practical exercises
- Develop flexible creative and well motivated teams

TRAINING METHODOLOGY

- This Corporate Communication training program is activity and discussion based. Formal presentations will be balanced by a range of case-studies, practice problems and group discussions. Sharing the experience of the participants is an important feature and delegates will have the opportunity to discuss their own projects or challenges in an environment focusing on solving those problems.
- This Incident & Crisis Response Communication Skills training programme consists of five stand-alone modules all based around common themes containing lecture content, skill assessments, participative discussions, video presentations and delegate exercises in order to create high impact training. This Corporate Communication training course is designed to be dynamic and highly interactive as well as educational. The primary focus is to provide delegates with concepts and methods which they can put to immediate use in the workplace.

ORGANISATIONAL IMPACT

- More effective employees at the time of an incident in that maximum effect can be achieved by employees understanding how different forms of mass media work and how they can be applied in a crisis environment
- Strengthened employee focus on actions and achievement around reputation management
- Improved organizational communications through demonstrating how Public Relations involvement improves outcomes in risk management
- Enhanced employee leadership skills in that Staff at all levels will have a clear ethical and managerial framework to operate to during a time of uncertainty and disruption, helping ensure business continuity
- Increased levels of confidence and motivation across an organization knowing that business effectiveness can be enhanced through prior planning and preparation in times of crisis

PERSONAL IMPACT

This training course teaches the competencies that enable leaders to:

- To develop a more effective approach to crisis communication in the workplace with a sharper focus on valuable goals
- Select and use the best tools to add value to the organization at a strategic level during a time of crisis
- Develop personal action planning and understand how to manage during a time of severe disruption to normal operations
- To remain calm and consistent in their communications during a crisis using enhanced leadership skills
- To develop confidence and flexibility in communication

- To build confidence and mastery through personal coaching and advice providing increased ability to achieve success

WHO SHOULD ATTEND?

- This Corporate Communication training programme has been designed for PR practitioners and for senior professionals such as team leaders or technical specialists elsewhere in the organization who may be involved in the handling of crises, responsible for the management of public reputation and the rebuilding of business capacity after a serious incident or issue has hit.
- This training programme on Incident & Crisis Response Communication Skills is also relevant to anyone likely to have responsibility for the delivery of public relations and communication activities during a time of crisis for the organization;
- Health, Safety & Environment Professionals
- Management team tasked with the direct delivery of internal and external communication activities or oversight of specialist sub-contractors with this responsibility in a time of crisis
