

Strategic Corporate Governance

Course Description

- This Training on Strategic Corporate Governance, is carefully outlined to take the participants through a blend of three key interlinked corporate topics: Governance, Strategic Management and Strategic Leadership aiming to enrich their knowledge and understanding for those mission-critical practices. This training course elaborates on all the processes of Corporate Governance covering frameworks at both the Board level (Board Governance) as well as the Executive Management levels (Assurance and Control). Delegates will be able to assess the strength of their own Organization's Governance Practices and identify where change and improvement is needed.
- This training course addresses all the elements of the Strategic Management system from setting the purpose and until successful implementation and elaborates on the role of the Leadership on realizing this success. Participants will be able to establish the Strategic dimension tying Corporate Governance with Strategic Planning all the way across the organization. This training course will also present the Guiding Principles of the Governance standard codes and how Corporate Governance is measured and benchmarked around the world.

This training course will highlight:

- What is Corporate Governance
- Principles of Good Corporate Governance
- Board's Roles, Duties and Responsibilities
- The Board Governance framework
- The Strategic Management system elements
- The Governance, Risk and Compliance (GRC) Perspective
- The Integrated Assurance and Control Model
- The Integrated Disclosures and Reporting Model

OBJECTIVES

By the end of this training seminar, you will be able to:

- Explore a comprehensive Generic Governance model based on key principles and adaptable to any organization
- Learn about the Roles, Duties and Responsibilities of the Board
