

Developing Core Skills for Administrators & Secretaries

INTRODUCTION

- This Developing Core Skills for Administrators & Secretaries training course aims to help you develop skills needed to be really effective at work.
- It teaches powerful approaches to handling information (including techniques for quickly finding key points in what you are reading) and gives great tips on how to organise your thoughts and get your point across in emails, meetings, interviews and presentations.
- You'll also learn strategies for dealing with difficult people and organising your time to better achieve results.

This training course will highlight:

- Techniques for handling information and getting your point across
- How to improve communications with “difficult” people?
- How to deal with “time stealers”?
- The concept of results-oriented time management
- How you can be more effective in your reading, note-making and memory skills?

OBJECTIVES

This training course aims to:

- Give easy-to-learn tips for improving your effectiveness at work
- Take you to the next stage in efficient reading and note-making techniques
- Update your thinking about managing time and planning for results
- Build your confidence in your ability to remember things
- Help you improve inter-personal communications and team working skills

TRAINING METHODOLOGY

- This Developing Core Skills for Administrators & Secretaries training course is enjoyable, practical and inter-active. You'll be able to learn at your own speed and to focus on developing your own skills (not on competing with others). There is a useful mix of theory, practice and discussion. Individual tools and techniques are introduced gradually and then re-visited at regular intervals throughout the programme.
