

Building Team Excellence

INTRODUCTION

- This life-changing, career-enhancing course, "Building Team Excellence" training course, is specially designed to enable, equip, and empower your leadership excellence and take you and your team to the next success level!
- John Maxwell, the exceptional Leadership, author, trainer, and lectures, states that "Excellence is the gap between average and exceptional." He said, 'It is the ability to exceed expectations and consistently deliver superior quality. In developing habits of excellence, leaders gain influence and stand out from the crowd. By cultivating a culture of excellence, a business attracts customers and wins their loyalty.
- Aristotle declared that "Excellence is not an act; it's a habit." To gain a reputation for excellence necessitates delivering results whenever you're called upon. Hit-and-miss performers are neither trusted nor respected. On the other hand, those who repeatedly demonstrate competence gain credibility, and their credibility paves the way to influence.

This training course will highlight:

- The role of the leader in the team
- The significance of interpersonal relationship skills
- The key dynamics for a high performing team - assigning roles and structure
- Using powerful engagement techniques to attain team alignment
- Igniting innovation in the team to achieve increased performance
- Motivating and empowering your team to success

OBJECTIVES

By the end of this training course, participants will be able to:

- Understand the role of the leader in team situations as the facilitator of engagement, collaboration, innovation, trust, and empowerment in team situations
